About

FUTURE HORIZONS

Established in 1989, **Future Horizons** is the leading global semiconductor industry analyst. It is also rated the world's top consultant on the Russian and East European electronics industry. Its activities include market research reports, consulting assignments, industry forums and seminars, IC and system design evaluation and industry training seminars.

Malcolm Penn, founder and CEO, has over 45 years experience in the industry and has worked extensively throughout Europe as well as in the United States, the former USSR, Japan and Korea. He was previously Director of Operations at Dataquest Europe, and held a variety of positions within the ITT Semiconductors group and ITT Europe. A member of the **European Commission** sponsored **Cornu Panel** of senior industry executives, responsible for publishing the "Report of the European Microelectronics Panel", Future Horizons' industry veterans have more than 139 man-years experience in the semiconductor and related industries. In addition, its Moscow-based, wholly owned subsidiary, East-West Electronics, offers direct access to the former USSR electronics industry and markets.
