## 2010 Programme

**Block These Diary Dates NOW Full Details @ [www.futurehorizons.com](http://www.futurehorizons.com)**

<b>Jan</b>	<b>26<sup>th</sup> – Industry Forecast Semiconductor Industry Briefing, London</b> Annual analysis & forecast of the European & WW semiconductor market plus B2B Speed Networking (optional)
<b>Jan</b>	<b>27<sup>th</sup> – Industry Forecast Semiconductor Industry Briefing, Geneva</b> Annual analysis & forecast of the European & WW semiconductor market plus B2B Speed Networking (optional)
<b>Mar</b>	<b>9<sup>th</sup> – Events Management Workshop, London</b> This one-day workshop will leave you with a tool kit that will help you to create, plan and market events with finesse. It will give you the confidence to run your event with flair and finesse.
<b>Mar</b>	<b>15<sup>th</sup> – Silicon Chip Industry Training Seminar, London</b> Presented in layman's terms, this seminar provides a complete overview of the integrated circuit industry, its background, technology, manufacture & markets
<b>Mar</b>	<b>16<sup>th</sup> – IC Economics Industry Training Seminar, London</b> This seminar reviews the economics of the IC manufacturing industry, covering factory costs, yields, die size trends, process defects, and industry cost models
<b>May</b>	<b>5-7<sup>th</sup> – International Electronics 2010 Forum</b> IEF2009 - 19 <sup>th</sup> Annual International Electronics Industry Forum. An international forum to update market forecasts, develop new business opportunities, meet new contacts, share experiences, explore ideas, and refine strategic thinking
<b>May</b>	<b>18<sup>th</sup> – Events Management Workshop, London</b> This one-day workshop will leave you with a tool kit that will help you to create, plan and market events with finesse. It will give you the confidence to run your event with flair and finesse.
<b>Jun</b>	<b>7<sup>th</sup> – Silicon Chip Industry Training Seminar, London</b> Presented in layman's terms, this seminar provides a complete overview of the integrated circuit industry, its background, technology, manufacture & markets
<b>Jun</b>	<b>8<sup>th</sup> – IC Economics Industry Training Seminar, London</b> This seminar reviews the economics of the IC manufacturing industry, covering factory costs, yields, die size trends, process defects, and industry cost models
<b>Jul</b>	<b>20<sup>th</sup> – Industry Forecast Semiconductor Industry Briefing –Mid-Term Update, London</b> Annual analysis & forecast of the European & WW semiconductor market plus B2B Speed Networking (optional)
<b>Sep</b>	<b>6<sup>th</sup> – Silicon Chip Industry Training Seminar, London</b> Presented in layman's term, this seminar provides a complete overview of the integrated circuit industry, its background, technology, manufacture & markets
<b>Sep</b>	<b>7<sup>th</sup> – IC Economics Industry Training Seminar, London</b> This seminar reviews the economics of the IC manufacturing industry, covering factory costs, yields, die size trends, process defects, and industry cost models

<b>Sep</b>	<b>21<sup>st</sup> – Events Management Workshop, London</b> This one-day workshop will leave you with a tool kit that will help you to create, plan and market events with finesse. It will give you the confidence to run your event with flair and finesse.
<b>Nov</b>	<b>22<sup>nd</sup> - Silicon Chip Industry Training Seminar, London</b> Presented in layman's term, this seminar provides a complete overview of the integrated circuit industry, its background, technology, manufacture & markets
<b>Nov</b>	<b>23<sup>rd</sup> – IC Economics Industry Training Seminar, London</b> This seminar reviews the economics of the IC manufacturing industry, covering factory costs, yields, die size trends, process defects, and industry cost models
