- Fabtech

We will discuss tailor made packages to accommodate individual budgets

What Is The International Electronics Forum?

The International Electronics Forum, inaugurated in 1991 is an executive-level meeting held annually in May respectively in co-operation with the host country's government, with delegates spanning the full spectrum of the industry. With a typical attendance level of over 120 senior executives, mainly CEO's, and senior executives, from microelectronics companies, semiconductor equipment and materials firms, electronics equipment and systems manufactures, start up organisations, government and industry officials and investment organisations. It is internationally recognised as a platform for debate amongst industry peers.

“Thank you. It was indeed one of the best conferences I have ever attended with a lot of interactive sessions. The B2B was a very good initiative, everyone meet each other before the forum had even started. I place on record my heartfelt thanks to Malcolm and his entire team”
Silicon Ventures

Sponsor The Seminar

Sponsorship provides a unique branding opportunity, to enhance corporate image and industry exposure at the highest international level. Sponsorship can cut throughout the market place and communicate your message directly to the decision makers in the industry. It can pave the way to start selling a new product or service as well as providing you with the opportunity to become part of the global industry.

There are many ways for companies to sponsor the Forum

Please note, all sponsorship opportunities are offered on a first come, first served basis.

- Sponsor A Specific Function
- Sponsor A Forum Session
- Sponsor The B2B Speed Networking Event
- Sponsor The Forum In General - Silver, Gold & Diamond Packages
- Sponsor The Press Delegation
- Sponsor Forum USB Stick
- Sponsor Speaker Lectern
- Sponsor Forum Bag
- Sponsor Delegate Pen & Notepad
- Sponsor An Email Bulletin
- Sponsor Delegate Badge
- Sponsor Forum Panel
- Advertise In Forum

Brochure

FutureHorizons 
The Global Semiconductor Industry Analysts

Thank you for taking part in our first B2B Speed Networking Event. I do hope you will find it both enjoyable and beneficial.

There are not many rules to follow, but here are a few hints and tips to get the most out of the event:

The concept is very simple you will spend approx 2-3 minutes with each person and within this time frame both participants will speak, when the whistle blows you move on to the next person (instructions will be given)

In advance prepare a one-sided sheet containing your contact details and a brief overview of your position and company. I would advise preparing approx twenty copies. Failing this, make sure you have business cards to give to others and list your main points on the back so people remember you!

Time is short, therefore, know what you want to say and keep your message succinct and to the point

Try and think of something to say that will make you memorable and stand out from the crowd. Sometimes it's not what you say, but the way you say it! Remember participants will use this event as a starting point to identify individuals they wish to spend more time with during the main forum

If at any time you find there is no one sitting in front of you, this is a good opportunity to write up some notes of the people you have already met, or revise your pitch

Enjoy the Speed Networking event and I wish you a successful forum

**“Speed Networking was a great start to the forum! Perfect for small companies to establish a network”
Evatronix**

In Return, Sponsors Receive:

- Three Complimentary guest forum passes,

In Return, Sponsors Receive:

Sponsor Press Delegation

Do you have a special message for the industry? Sponsor the Forum press delegation, typically 20-25 top international electronics industry editors. By so doing, you can host a private one-hour press conference either on Wednesday afternoon, prior to the Forum commencement; at the close of Thursday's proceedings or on Friday afternoon once the Forum lunch is over. This popular and hugely cost-effective opportunity is available to just one firm on a first come, first served basis.

Press sponsorship comprises the editor's travel and hotel accommodation (typically for three nights); Future Horizons will cover their Forum registration fee and local sustenance costs. The cost of travel will vary depending on the country of origin but is expected to be typically €800-€1000/delegate (economy).

The cost of an optional press conference/off-site event would be in addition and at the sponsor's discretion, subject to the overall Forum programme running order. Future Horizons and the media sponsor will mutually agree the press invite list, with typically 20-25 media representatives in attendance.

The press sponsor will also receive:

- Appropriate recognition on all of the relevant pre and post forum marketing, including; forum brochure which is distributed via Email-Newsletter to over 5,000 industry contacts, approx 5-6 times leading up to the conference
- Listing on the sponsorship posters displayed at the Forum
- Your company name and logo linked directly from our website to your home page

Sponsor Forum Bag - €2500

- Logo on front of forum bag, given to the delegates on registration. These bags are big enough to hold the forum binder and they are usually used for the duration of the conference plus traditionally used following the forum.
- Opportunity to insert your company information or corporate merchandise in each bag
- Listing on the sponsorship posters displayed at the Forum
- Your company name and logo linked directly from our website to your home page

Sponsor Forum Pen & Notepad €3000

- Logo displayed on pen, given to the delegates at the start of the forum. Pens are used for the duration of the forum plus traditionally used following the forum
- Listing on the sponsorship posters displayed at the Forum
- Your company name and logo linked directly from our website to your home page

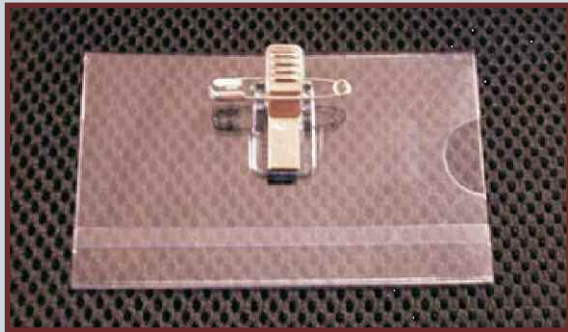

Please note, all sponsorship opportunities are offered on a first come, first served basis

Sponsor Delegate Badge - €2500

- Name of Sponsors company inserted on badge worn by all delegates for the duration of the forum
- Appropriate recognition in the seminar brochure which is distributed via Email-Newsletter to over 6,000 industry contacts, approx 5-6 times leading up to the seminar
- Listing on the sponsorship posters displayed at the Seminar
- Your company name and logo linked directly from Future Horizons website to your home page

Badge Holder

Badge Insert

Sponsor Forum Panel - €2000

- Sponsors logo displayed upon 2 main screens behind panelist table for the duration of the panel
- Sponsorship of one forum email sent prior to the forum (by Future Horizons) to six thousand industry contacts
- Appropriate recognition in the seminar brochure which is distributed via Email-Newsletter to over 6,000 industry contacts, approx 5-6 times leading up to the seminar
- Listing on the sponsorship posters displayed at the Seminar
- Your company name and logo linked directly from Future Horizons website to your home page

**20th Year Of Service
Founded 1989**

Established in April 1989, Future Horizons provides market research and business support services for use in opportunity analysis, business planning and new market development. Its industry information seminars and forums are widely considered to be the best of their kind. Emphasis is placed on the world-wide semiconductor and electronics industry and associated markets. Emphasis is placed on the worldwide microelectronics and electronics industry, and European market environment.

**5th Decade
Of Semiconductor
Experience**

Malcolm Penn is the founder and CEO of Future Horizons, with over 45 years experience in the electronics and semiconductor industry. He has worked extensively throughout Europe as well as in the United States, the former USSR, Japan and Korea, and was an early pioneer of pan-European research and product development collaboration in the 1970s during his tenure with ITT Europe. His industrial experience has involved him with all aspects of the management, manufacturing, marketing and use of electronic components, particularly semiconductor devices.

**139 Man-Years
Of Research Resource**

With 139 man-years experience in the semiconductor and related industries, Future Horizons offers a high-quality, cost-effective, flexible alternative to expensive subscription-style, market research. Our experience commenced with the industry in 1962, from the first commercial IC to SOC integration. For all of your semiconductor business development needs ...
