

## **Maria Marced**

### **TSMC Europe**

Per November 19, 2007 Mrs. Maria Marced is appointed President of TSMC Europe. Maria is responsible for driving the development, strategy and management of TSMC Europe.

In 2005 Maria became Senior Vice President and General Manager of Sales and Marketing at NXP Semiconductors/Philips Semiconductors.

Maria joined Philips Semiconductor in September 2003 as Senior Vice-president and General Manager of the Connected Multimedia Solutions Business Unit overseeing Philips' semiconductor solutions for Connected Consumer applications.

Maria joined Philips from Intel where she developed her professional career over 19 years, reaching the top position in the Europe, Middle East and Africa region as Vice President and General Manager- a position that she occupied for three years.

Prior to Intel, Maria worked in Spain for several companies like: AT&T Microelectronica, Telefonica, Secoinsa, Electrooptica Juan de La Cierva e Hispano Radio Maritima. Mrs. Marced holds a Ph.D. in Telecommunications Engineering from Universidad Politecnica de Madrid, Spain. She was born in Valencia-Spain and she is married with one daughter.
