

Silicon Chip Industry Seminar Testimonials:

“As a non technologist, it was very beneficial to have these issues explained as it enhances my credibility as an advisor”

“The seminar provided a good basis to understanding the industry for developing new activities/programs within my organisation” SEMI

“It was Great! I can't remember a seminar of a similar density.”
European Commission

“I finally understand how to recognise products & their use in technology”

“This has helped me structure my thoughts & plans for the company”

“It gave me deeper insight into the industry information that would be difficult to obtain anywhere else” Delta Microelectronics

“This will be very useful when involved in business core discussions” CSR
