IEF2026 - About The Forum

The International Electronics Forum (IEF) was inaugurated in 1991. It is an executive level meeting held in co-operation with the host country's government, with delegates spanning the full spectrum of the IT industry.

With a typical attendance level of over 120 senior executives, mainly CEO's and decision influencers from microelectronics companies, semiconductor equipment and materials firms, electronics equipment and systems manufactures, start up organisations, government and industry officials and investment organisations.

Given Future Horizons' neutrality and non-partisan industry position, the Forum is widely internationally recognised as the premier platform for influence and debate amongst industry peers.

Past Endorsements

Manuel Macias - Director, Sevilla Congress & Convention Bureau: *"It was an honour for Sevilla to have hosted your IEF conference. We wish you all the best and look forward to meeting you again in Sevilla, your city"*

Sir Robin Saxby - Former Chairman & CEO, ARM: *"ARM would not be in the position it is today were it not for the contacts I made at the IEF Forums"*

Pasquale Pistorio - Former Chairman & CEO, STM: *"The past decade has been a very challenging time for our industry: still in this environment Future Horizons performed well, maintaining the high standards of professional competence and the passion for the high tech industry that have been your characteristics since the foundation of your Company"*

Rahul Sud - Founder Silicon Ventures: *"Thank you. It was indeed one of the best conferences I have ever attended with a lot of interactive sessions. It was all a very good initiative, everyone met each other before the forum had even started"*

Joe Sawicki - VP & GM, Mentor Graphics: *"I wanted to thank you for your work over the past years. You and your team add something special to the industry"*

Do You Have A Special Industry Message? An Imminent Media Announcement? ... Sponsor The Media Delegation For Added Impact To Your Message

The Forum press delegation typically comprises 20-25 top international electronics industry editors, representing a golden opportunity to host a private one-hour press conference either on Sunday afternoon, prior to the Forum commencement or at the close of Tuesday's proceedings. This popular and hugely cost-effective opportunity is available to just one firm on a first come, first served basis.

Press sponsorship comprises the editor's hotel accommodation cost (typically for three nights at Euro 145 per night, single occupancy), their reduced Forum attendance fee of Euro 795 per per editor, and the travel cost to Zagreb.

The cost of travel will depend on the country of origin but, for budgetary planning purposes is expected to be no more than Euro 500-1000 per editor (economy).

The cost of an optional press conference/off-site event would be in addition and at the sponsor's discretion, subject to the overall Forum programme running order.

Future Horizons and the sponsor will mutually agree the media invite list.

In addition to the above benefits, the media sponsor will also receive:

- Appropriate recognition on all of the relevant pre- and post-Forum marketing, including;
- Forum brochure and promotional material
- Listing on the sponsorship posters displayed at the Forum
- Your company name and logo linked directly from the IEF page on the Future Horizons' website to your company's home page
- Two complimentary additional company delegate attendees, subject to there being at least one full-priced company attendee

Take advantage of the unique Forum location and the exquisit splendour of the Esplanade Zagreb Hotel to host your product launch, company announcement, or just to enhance your overall PR rapport with the media.
